

LESANTE CAPE RESORT AND VILLAS

Descriere LESANTE CAPE RESORT AND VILLAS 5*

Located in Akrotiri village, a privileged place of great historic cultural value, where the manors of the islands noblemen used to be situated, with a beautiful, secluded beach in front and extraordinary views to the blue horizon, the Lesante Cape unveils a new, hospitality experience. Built as a traditional Greek village, with a square at its center -where all the socializing and events take place- with a café, a taverna, a few small shops all around it, a folklore museum and its own church nearby, the Lesante Cape is a modern -and very vivid- trip to the past. Everything around you, honours authenticity, starting from the traditional Zakynthian architecture, with the tall, proud arches, the large white stones and earthy tones embracing everything, to the wooden furniture and straw-made décor, all being brought to today, with contemporary amenities and services that accommodate your modern living.
